

***Your presence is your agreement. Your participation is your agreement.***

*We have few requirements to create an ENERGETIC GUIDELINE for membership and participation here. We try not to "impose" such things, yet if not specifically stated, some are unaware of the amount of SACRED RESPECT and SELF ACCOUNTABILITY we REQUIRE for all to co-exist together here. WE do not compromise on that which we hold Sacred as Love and Respect. Please note our ENERGETIC REQUIREMENTS, so as to avoid confusion for what is acceptable behavior and contribution here:*

- *Each are held to the highest level of Consciousness, self-governing/mastery of their own energy and what is appropriate as CONTRIBUTION (zero projecting distortions) into the group/community/live events/discussions/calls. We guide you inward to find your own answers, share our own realizations/higher knowledge (without ego) and uplift/inspire/support each to do this for themselves fully too.*
- *Consciously leave your E-GO at the door and open your heart fully to join us and receive all as LOVE. ♥*
- *Zero BS is allowed. Zero projecting and Zero Lack of respect, caring or kindness.... Zero compromise on this.*
- *Zero self-promoting, event promoting, sales promoting or "others" stuff.. If at such time we deem it appropriate to add a designated space/time for this, we will announce the parameters for sharing in this way, to not impose, yet create more opportunity by making more available to all through the group/community here.*
- *This is a sacred place/space where each can open up to explore, observe, see and share that which supports the whole in doing the same for themselves, as a commUNITY/group and inspiring all to embrace NEW EARTH REALITIES built on new foundations, codes and higher knowledge/wisdom that supports all through Unity/Purity Consciousness Love.*
- *Disrespect, projecting or "asking others" to give you answers, bashing/shaming/guilty/bullying/imposing or "pulling energy" is identified and either brought to your attention or if self-accountability cannot be achieved/held/maintained, the permanent removal is the action agreed to by each/all here.*
- *Complete self-accountability for your own ENERGY at all times. Yes we come together to openly share, discuss, support, identify programming to break down, as well as shifting/expanding/creating all new realities to replace old ones, as is highest vibrationally*

*aligned/appropriate, because it supports all in expanding into/as the UNIFIED QUANTUM FIELD AS LOVE.*
